

Key Benefits

- **BT SIP (21CN).**
- **Aggressive market rates.**
- **Free SIP Trunks** (terms apply)*
- **The whole solution.**
- **White labelled.**
- **Full support.**

Abzorbplus⁺

Abzorb is now delighted to offer BT SIP to strengthen its unified communications portfolio in the market place.

We can provide access to the largest SIP network in the UK whilst ensuring that the service levels we pride ourselves in can be maintained.

Abzorb can provide SIP services delivered over existing connectivity or offer a fully tailored solution over our managed connectivity.

Abzorb SIP is already approved for use on many phone systems, speak to one of our experts to find out more.
